General Information

What is a student organization advisor?

A student organization advisor is a full-time or part-time ASU faculty member, academic professional, or staff member that assists in supporting the co-curricular academic environment through advising, coaching, and mentoring student organization leaders and members. Advisors support student organizations in many ways, including the development of constructive programs, setting realistic goals, maintaining a constitution, and attending meetings and events when possible.

Why be a student organization advisor?

Advising student organizations can be very rewarding. It provides opportunities for both faculty and staff to interact with students in a different context. Advisors can have an important impact on students' development and campus engagement, serve as a mentor to students, connect with university colleagues, and engage with students and organizations who may share your passion and interests.

Starting a New Student Organization

The first step to starting a new organization is to explore whether a similar organization already exists. With approximately 1,000 student organizations at ASU, there are many interest areas being met. Check the website at asu.edu/clubs or contact the student organization office at your respective location.

Student Organization Registration

The purpose of student organizations at ASU is to complement students' academic programs of study and to enhance their overall educational experience through development of, exposure to, and participation in social, cultural, intellectual, and recreational activities.

New Student Organization Registration

A representative from any new organization is required to attend an information session conducted by the student organization staff as part of the registration process. The following documents are required for registration:

1. A completed organization profile online through sundevilsync.asu.edu. A completed organization profile requires ALL of the following to be complete:
 - Profile name
 - Profile photo
 - Current description of organization's purpose
 - Membership roster of at least 3 officers and all current members
 - Upcoming semester meetings
 - Memberships have been approved/declined on a regular basis
 - Constitution must state that the organization is open to all ASU students
2. A constitution and any governing documents that outline how the organization governs. The constitution is to be uploaded online while completing the organization profile.
3. An electronic Advisor Commitment Letter is sent to the organization's faculty or staff advisor(s).
 - a. The organization advisor(s) must be an ASU faculty/staff member employed by ASU at least 50% of the time.
 - b. In addition, they cannot be on leave or sabbatical during the time they serve as your advisor.
4. At least one officer must either participate in a Student Organization Information Session or meet with an appropriate staff person prior to SunDevilSync approval.

Organization requests will be reviewed by Student Organization Staff.

Student Organization Re-Registration

Re-registration of student organizations is an annual process and must be completed each academic year. The re-registration process of existing student organizations occurs between April 1-30. New student organizations can register at any time throughout the year. Once a student organization is established they must be in good standing to re-register. A student organization will be considered in good standing if they have:

1. Complied with all University policies and procedures (including those outlined in this document).
2. Has no unpaid debts or outstanding balances with university entities.
3. Has no outstanding or unresolved ABOR Student Code of Conduct violations. Student Organizations may not have any outstanding conduct cases with the Office of Student Rights and Responsibilities. If a student organization is currently on a status with the University or has an open case the organization must be working toward resolution of the case.

Eligible organizations are permitted to register during the academic year unless the University finds that the organization:

1. Seeks to accomplish its objectives, goals, purposes, or activities through the use of violence; or
2. Engages in activities that materially or substantially interfere with the discipline and normal activities of the University or with the rights of others; or

3. Engages in activities that present a danger to property, personnel, and/or orderly function of the university; or
4. Refuses to comply with federal or state laws, including the Americans with Disabilities Act of 1990, Board of Regents' policy, or University rules and regulations.

The privileges conferred through registration may be withdrawn for cause which shall include willful or negligent violation of university, state or federal standards, codes or policies. Registration may also be withdrawn or discontinued for the following:

1. Individual member's past conduct;
2. Organization's past conduct;
3. Organization's stated objectives;
4. Organization that exists solely to conduct business for a for-profit company or vendor. This includes but is not limited to: street teams, student brand representatives, boosters, etc.
5. Failure to meet financial obligations to the university.
6. Failure of an organization to carry out its programs consistent with the stated aims and purpose of the organization's constitution, bylaws and/or governing documents including statements made on SunDevilSync.
7. At the written request of the organization.
8. When by constitutional provision the organization is dissolved.
9. When an organization does not hold meetings, activities or outings for a period of one academic year.

If registration is denied or revoked by student organization staff, the organization may appeal the decision unless the denial or revocation was initiated under the Student Code of Conduct. For more information visit: <https://eoss.asu.edu/dos/srr>.

Arizona State University registration of an organization does not constitute university endorsement or approval of the organization's policies and activities. However, it does signify a willingness on the part of the organization to comply with state law and the rules, regulations, and policies of the university and the Arizona Board of Regents. Per the Student Services Manual: Membership and all privileges, including voting and officer positions, must be extended to all students without regard to age, ethnicity, gender, disability, color, national origin, race, religion, sexual orientation, or veteran status. *Title IX of the Educational Amendments of 1972, §106.14*, makes an exception for social fraternities and sororities in regard to gender for membership criteria. Religious student organizations will not be denied registration solely because they limit membership or leadership positions to students who share the same religious beliefs. These groups, however, may not discriminate in membership or leadership on any other prohibited basis (i.e., age, ethnicity, gender, disability, color, national origin, race, sexual orientation, or veteran status). For more information visit <http://www.asu.edu/aad/manuals/ssm/index.html>.

Details and additional links are available at https://eoss.asu.edu/mu/plan_event/food.

Food Waiver

Occasionally, events involve special requirements that cannot be fulfilled by ASU contracted caterers or approved caterers. In such instances, Food Exception Request Forms and vendor proof of insurance are required from event organizers. The Food Exception Request form can be found at https://eoss.asu.edu/mu/food_exception_request_form. A food waiver must be submitted 14 days in advance of the event. Examples of exceptions include: food that was donated or a special menu item not offered by Aramark/Sun Devil Dining.

Organizational Funds

Student Fee Funding

Arizona State University campus based students pay an activity fee that is re-distributed for events and activities. Please note that the funding allocation process for undergraduate student organizations is unique to each ASU campus based on the process identified by their local Undergraduate Student Government (USG). Any graduate student organizations should approach the Graduate and Professional Student Association (GPSA) for funding.

More specific information regarding this funding process is available online at the following sites:

- USG Downtown: <http://www.usgdowntown.com>
- USG Polytechnic: <http://www.usgpoly.com/>
- USG Tempe: <https://www.asuusg.com/club-funding>
- USG West: <https://eoss.asu.edu/usgw/funding>
- GPSA: <http://gpsa.asu.edu/support/gso-funding>

Fundraising & Financial Management

Many student organizations choose to hold fundraisers to obtain additional money. Whether the proceeds will be given to a charity, used for a specific function, or deposited into an off-campus account, be aware that there are some specific guidelines organizations will need to follow when raising funds on campus.

Organizations must have ownership of all activities (i.e. a representative of the organization must be present the length of the activity, and a banner with the organization insignia should be prominently displayed). All relevant university rules and regulations, as well as federal, state and local laws must be followed. Failure to comply with these may result in Student Code of Conduct disciplinary action against the organization and/or specific individuals. It is strongly encouraged for organization members to fulfill [Cash Handling Training](#) prior to conducting a fundraiser.

Fundraising Events with Alcohol

No student organization may sponsor or co-sponsor an event with alcohol or with an alcohol distributor or tavern (tavern defined as an establishment generating more than half of annual gross sales from alcohol) at which alcohol is given away, sold or otherwise provided to those present. This includes any event held in, at or on the property of a tavern as defined above for the purpose of fundraising. However, an organization may rent or use a room or area in a tavern as defined above for a closed event held within the provisions of the Alcohol Policy.

Raffles

The Arizona Attorney General has determined that ASU and its departments and administrative units are NOT permitted to conduct raffles. Using an actual raffle ticket for a door prize is permitted, as long as attendees are not required to pay for the raffle ticket and everyone has an equal chance of receiving it. Any group planning a raffle should be familiar with the law related to this activity and should contact the Office of the Arizona Attorney General for additional information. For ASU policies concerning gambling and hosting casino nights and more information, visit <https://ogc.asu.edu/gambling-raffles>

Contracts

If your organization is thinking of hiring a vendor, bringing in a guest speaker and/or artist, or contracting with a venue, student leaders are encouraged not to sign legally binding documents. You and/or your organization will be personally liable for fulfilling the terms of agreements should you choose to sign the contract. If your organization is pursuing university funds to pay for goods or services that you have signed – all provisions, statuses and policies that pertain to ASU Use of Funds will apply. If you have questions, reach out the Student Organizations office.

Misuse of University Assets

Misuse of university assets is a violation of policies of the Arizona Board of Regents (ABOR), the Academic Affairs Policies and Procedures Manual (ACD), the Staff Personnel Policies and Procedures Manual (SPP), the Student Code of Conduct, and other policies of the university (collectively “board and university policies”). Therefore, this policy is in addition to, but does not substitute for other laws and policies governing employees and students at the university, whether currently in effect or whether established after the adoption of this policy. Employees and students are required to be familiar with all policies governing the appropriate use of university assets.

Disciplinary action against employees or students for misuse of university assets will be pursued under one or more of those policies, using the procedure applicable to that category of employees or students in connection with those policies. The policy is available at <http://www.asu.edu/aad/manuals/acd/acd123.html>.

Sales and Solicitation Regulations

Student Organizations are permitted to sell items on campus for organization fundraising. Food is rarely allowed to be sold on campus due to existing university food contracts, along with health and safety regulations. Be sure to consult with your student organization office in advance to ensure that the activity is within the university policies. This process does require advanced planning.

Have procedures in place for:

- Inventory control – controlling access to inventory, issuing items to be sold, verifying quantities of unsold items returned, physical inventory counts, ordering merchandise, and receiving purchases
- Revenue control – safeguarding assets under your control, receiving sales proceeds, reconciling cash and sales, and depositing sales proceeds
- Accounting – verifying deposit of proceeds, verifying the accuracy of inventory receiving, preparing vouchers, reviewing physical inventory results, preparing financial reports, and reconciling change in inventory
- Authorization – approving invoice payment and reconciliations and reviewing asset variances

Student organizations wishing to conduct sales of food or beverages on university property must receive approval prior to the sale, and are responsible for meeting all health and safety regulations.

Bank Accounts

Monies obtained from dues, fundraisers, sponsorships or donations should be deposited in an off-campus bank account. An off-campus bank account is not held to the policies of the University, the University does not take any responsibility in the management of your off-campus account. It is the responsibility of each student organization to track expenses and keep record of the account number, balance, or the approved officer signers. Any money received from Undergraduate Student Government or the Graduate and Professional Student Association, or a University department may not be deposited into an off-campus account.

The organization operates in the name of the entity and not in the name of the individuals who are part of the organization. Student organizations are strongly discouraged from depositing student organization money into an individual member's personal account. Business records should be maintained in the organization's name, not in the name of an officer. Keep in mind that financial institutions will require that checks made payable to the organization be deposited into an account established for the organization.

Designate two or more members to be authorized to withdraw funds from your account. Ideally, checks and withdrawals should require two officers' signatures to be valid. This reduces the risk of any unauthorized expenditures.

Financial institutions will require that authorized signers are kept current. If the signers have left their position or the university, your organization will experience a delay in withdrawing funds. Changes to the organization's account must be in writing to the financial institution from the current authorized signers. Contact your financial institution to find out how they process a change of signers. Most require that at least one of the current signers authorize the change. Advisors are welcome to be listed as an authorized signer, if they so choose.

If appropriate, student organizations are responsible for filing. Often times, student organizations do not earn enough income to require filing federal income tax. Please refer to the IRS website for more information, <http://www.irs.gov/>.

Most banks allow organizations to set up accounts under the organization's name. Typically, your organization must provide:

1. Proof that the organization is an official registered student organization. You can verify if your organization is registered by completing a search for your club at www.asu.edu/clubs. If your organization is found, it is registered.
2. Two or more co-signers with photo ID, one of whom could be the club advisor (for transition purposes);
3. A copy of your club's official constitution and meeting minutes with signatory identified
4. An Employer Identification Number (EIN) on file with the Internal Revenue Services.

Tax Identification Numbers (TIN) or Employee Identification Numbers (EIN)

The United States Treasury Department and the Internal Revenue Service require an organization to disclose its TIN/EIN when opening any type of deposit account. To obtain an off-campus bank account, you will need this number. Registered student organizations at ASU cannot use the University's TIN/EIN. For more information, visit the IRS website at <https://www.irs.gov/>.

In applying for a TIN/EIN, the organization officer who is listed as the executor of the number will be required to provide his/her social security number. When transitioning between officers, it is recommended that the executor of the TIN/EIN be switched as well. This will protect the outgoing officer and ensure that his/her name is not associated with the account after he/she leaves office.

Copies and Mail

Student organizations may be offered a limited number of copies per semester as a registered student group. Number of copies varies depending on campus location and whether the copy is black and white, or color.

Movies/Film for Club Events

Video tapes, DVDs, or downloaded video that is available for rental or purchase are for home viewing purposes only. This means they can only be viewed in your private living spaces (e.g., residence hall room, apartment, or private residence). Therefore, anytime a group shows a movie in any context, the group must purchase the public viewing rights (copyright) for that particular showing. Copyright purchases for a film typically costs between \$300 and \$1,000 per showing for popular titles from major movie distributors. If you are interested in showing a movie, please contact your campus Student Organization Office.

<https://eoss.asu.edu/dos/srr>

The Student Code of Conduct sets forth the standards of conduct expected of students who choose to join the university community. Students who violate these standards will be subject to disciplinary sanctions in order to promote their own personal development, to protect the university community, and to maintain order and stability on campus. The Arizona Board of Regents Code of Conduct can be found here:

<https://eoss.asu.edu/dos/srr/codeofconduct>

Freedom of Expression

ASU recognizes and supports the rights of students to engage in lawful free speech activity including: peaceful demonstrations and circulation of petitions that do not disrupt the normal educational and administrative function of the University, or interfere with the legitimate rights of others. Additional information about the University's commitment to free speech is available on the Committee for Campus Inclusion website at <https://provost.asu.edu/ci>.

Insurance Policy

In most cases, ASU does not provide insurance for student organizations. Registered student organizations are responsible and liable for the actions and behaviors of their members and officers. Any damages to persons or property would need to be covered by the personal insurance of the participants.

If the organization contracts to receive services from a third party, the organization should confirm that the third party has sufficient insurance by contacting ASU Insurance Services at 480-965-7700 for guidance.

Clery Act

ASU student organizations are required by law to report building use and use of space within a building under the Jeanne Clery Act, and records showing use must be retained. The organization advisor and first officer will receive a request from the Clery Compliance Coordinator to provide building use information for the applicable calendar year. Federal law requires the organization to report:

- Any building owned and used for the institution's educational purposes.
- Any building controlled and used for the institution's educational purposes.
 - i. Travel. Example: Hotel stays. Must report if organization stays at location for more than one night or on more than one occasion within the calendar year.
 - ii. Events and Activities. Examples: Banquet hall for event, apartment clubrooms for meetings. Must report if organization uses same facility for more than one day or on more than one occasion within the calendar year.
 - iii. Off-Campus Housing. Examples: Condos, apartments. Must report if organization uses or occupies the space for more than one day or on more than one occasion within the calendar year

Educational Purposes is defined as anything that supports the education provided by Arizona State University and is not limited strictly to the academic purposes of the institution. Controlled by means your organization directly or indirectly rented, leased, reserved, purchased, or had some other type of written agreement (including an informal one, such as a letter or an e-mail) for the use of a building or property, or a portion of a building or property. Even if there is no payment involved in the transaction, for Clery Act purposes, a written agreement for the use of space gives your organization space for the time period specified in the agreement. This includes, for example, housing such as condos or apartment units, but would also include meeting space, apartment club rooms, and hotel rooms when traveling, etc. The key is that a written agreement was in place allowing your student organization to use the space. (Locations on any of the ASU campuses are omitted because they are already captured in the Clery report.)

The records should include, at a minimum, the following information:

- Name of the location
- Address of the location (individual room numbers not needed)
- Dates of building use (ownership or control)

Student Organization Travel

Student organizations travel for many purposes including retreats, conferences, competitions, and social events. ASU recognizes that travel is integral to students' collegiate experience and can be extremely beneficial to advancing the mission of the organization. However, it is important to remember that travel can be a high-risk activity that requires adequate proactive planning and preparation. Proper planning can mitigate many of the risks often associated with travel.

Chartering a Bus

Whenever possible, student organizations should use chartered bus/van service for transportation. ASU has contracts for group transportation with several different companies. Contact information can be found at the following website: <http://cfo.asu.edu/purchasing-sunmart-bus> .

Use of Personal Vehicle

Students are discouraged from using personal vehicles for organization-related travel. When a personal vehicle must be used for organization travel, the driver assumes all liability associated with the trip. Drivers and all passengers should follow the following guidelines when using personal vehicles:

- Drivers and passengers are expected to follow University policy and federal, state, and local laws and posted signs.
- Drivers must have a valid operator's license.
- Drivers must possess adequate auto insurance as required by law.
- Drivers must possess current vehicle registration.
- Drivers and all passengers shall have access to and use seatbelts and/or other approved safety restraint devices.
- Drivers and all passengers shall not possess, consume or transport alcohol and/or illegal substances.
- Drivers should take considerable care to allow for adequate rest periods and drive times.
- Drivers should take care to assess the safety of the vehicle they are driving.
- Drivers and passengers should have proper communication and emergency plans in place.

Due to safety concerns, organizations should note the use of large passenger vans defined as 12 and 15 passenger vans is prohibited at Arizona State University. Student organizations, faculty and staff are not permitted to purchase, lease, rent or transport passengers in 12 and 15 passenger vans.

Guidelines for Student Organization Travel Outside the United States

ASU does not encourage student organizations to travel outside of the United States unless it is deemed necessary for an educational or service-related purpose.

Student organizations that wish to travel outside of the United States should consult with staff from the Student Organization Staff.

Student International Travel

Arizona State University now provides a secure system for students traveling outside the United States and its territories to record ASU-related international travel plans. This service, provided by the Study Abroad Office, supports emergency communications and gives registered travelers access to valuable international health, safety and security resources.

Risk Management

Student organization officers and advisors often act as a liaison to between the organization and the university. Thus, student officers must consult with their advisor and campus engagement staff when planning an event or activity. If you have concerns about a planned event or activity, please consult with the student engagement office at your campus so that they may provide assistance to you or the student organization.

While there is little ability to remove all risk from student organization events and activities, there are several ways in which an advisor or engagement staff can mitigate potential risks. Some suggestions are:

- Identify risks that relate to the event or activity
- Clarify the needs and expectations of intended outcome of the program
- Ensure student organization leaders have submitted all necessary forms and have notified proper administrators of the event or activity
- Prepare for all scenarios that could cause potential risk or harm to property and event attendees
- Encourage organization leaders to consider all risks in regard to the signing of contracts, and ensure they are clear about their liability and responsibility for all aspects of signed contracts
- Provide clear communication with all students involved in planning the event or activity.

Medical Emergency Procedures

1. If the emergency takes place **on-campus**, call 911 to be connected to the ASU Police Department
2. If the emergency takes place **off-campus**, call 911 to be connected to the local police department.
3. Send one person to call for help and be sure to keep at least one person with the injured person.
4. When speaking with a dispatcher, security or police officer, you should:
 - Provide the exact location, building, and room number where the injured person is located.
 - Remain on the phone with the dispatcher until help arrives
 - Know the phone number you are calling from

If anyone is transported to a hospital or medical facility for treatment, please notify the ASU Dean of Students Office and an engagement staff member at your campus.

Student Leadership Development

Consistent leadership is critical to the development and success of the organization. High performing organizations positively impact the campus community. To ensure a proper balance of leadership, each organization is required to maintain least three officers within their leadership structure. It is suggested that organizations review their constitution and other governing documents regularly to ensure procedures regarding membership, elections, and appointments are up-to-date.

To support the development of student leaders and advisors, engagement staff offer several educational workshops and conferences during the academic year. Advisors and student leaders receive e-newsletters detailing upcoming learning opportunities; events are also posted on SunDevilSync.

Transitioning Leadership

The period for leadership transition often comes at busy time of the academic year for students. However, an intentional and clear process for transition of leadership is critical for the continual success and survival of the organization. Student officers can lead a smooth transition by doing the following:

1. Review the Student Organization Handbook
2. Update the organizations profile on SunDevilSync
3. Share/Transition access to electronic portals and documents
4. Share/Transition access to bank organization bank account
5. Introduce incoming leaders to key contacts and partners
6. Conduct an end of the year review or evaluation
7. Connect with your organization advisor

Advisor Training and Online Resources

The role of the advisor is necessary and critical to the health of student organizations. Thus, advisor training and informational workshops are available throughout the academic year. Please consult with the engagement staff at your campus location for more information.

There are several resources that advisors may find helpful on our online platforms. The following resource guides can be found on [SunDevilSync](#):

- Best practices for advisors
- Advisor roles, styles, and skills
- Sample constitution
- Sample event wrap-up form
