

career assessments

Find Your Fit

ASU Career Services offers career assessments that provide important information to help you decide on a major and a career path.

Take advantage of the following assessments:

- Myers-Briggs Type Indicator (MBTI)
- Strong Interest Inventory (SII)
- StrengthsQuest (SQ)

Your registration for any of the measurements includes an online inventory and an interpretation of the assessment results.

Each assessment costs \$25 and in-person registration at a Career Services office is required.

ASU ARIZONA STATE UNIVERSITY

MBTI

Myers-Briggs Type Indicator

The MBTI is a personality assessment tool

The MBTI will help you put your personality to work by learning more about yourself. This assessment can help you gain insight into types of work situations you prefer.

The MBTI Career Report can help you:

- Understand how your personality plays a role in identifying enjoyable work tasks and environments
- Identify job families, or broad occupational categories to help get you started in your career search
- Choose a specific job or career
- Identify strengths and potential weaknesses of your personality type for the career search process

SII

Strong Interest Inventory

The SII is an interest assessment tool

The SII measures your interests and relates them to potential career choices. This assessment can help you identify a career focus early in your academic experience, which will help you make smart academic choices at ASU.

The SII College Profile can help you:

- Identify specific occupations that correspond to your interests and learn about the college majors and coursework that strongly relate to these careers
- Select extracurricular activities that match your interests and will enhance your professional success
- Forecast the appropriate internship and graduate school work to complement your career

SQ

StrengthsQuest

The SQ is a natural talent assessment tool

Through SQ, you will gain insight into your areas of greatest potential: the things that you naturally do best. This assessment can help you identify your top five talent themes, along with action items for development and suggestions about how you can achieve academic, career, and personal success.

StrengthsQuest can help you:

- See how you can leverage your talents in the classroom for greater academic success
- Understand work environments and work tasks that may be a professional fit
- Become more aware of positive attributes that are unique to you and that are marketable
