

career guide

worksheet: meet your major

ASU Career Services offers a comprehensive on-line Career Guide designed to help you evaluate career options, learn about internships and launch your career. The Career Guide includes detailed information about cover letters and resumes, interviewing, business etiquette, portfolios, graduate school admission processes, effective job and internship search strategies and more. Visit the Career Guide at asu.edu/careerguide.

Choosing a major that would be a good fit often takes time and willingness to explore several options. Oftentimes, choosing a major also involves conducting research on various aspects of the major, such as courses required, specialized criteria for admission, and career options available. You may want to access Major Maps at asu.edu/programs and contact an academic advisor from your area of interest to assist you as you complete this worksheet.

What is your Major and Department? _____

How would you describe the major in your own words? _____
