**Rating Your Skills**

Review this table and each of the Career-Related Skills and Qualities in the left column. Which ones can you claim as your own? Which ones do you want to develop? Rate your proficiency in each skill on a scale of 1 to 10. Then, write down a few specific examples of times when you displayed this skill in the past. The examples you recall can be integrated into your resume or as interview talking points.

**Skills Resources:**

As you complete the worksheet, remember where you develop skills and qualities. Consider a wide variety of experiences such as:

- Summer Jobs
- Internships
- Volunteerism
