

### Calculating Your GPA

Your GPA is the calculated average of the grades you earn in school. Each letter grade is worth a certain number of points. At the end of each grading period, those points are totaled and divided by the number of grades. Using the scale below, calculate your unweighted GPA from your transcript.

The **unweighted scale** is the standard grading scale. Arizona State University uses your unweighted GPA for university admission.

A = 4 points

B = 3 points

C = 2 points

D = 1 point

F = 0 points

# FSA ID Worksheet

\_\_\_\_\_  
(Your Name)

Federal Student Aid IDs are required for students to complete the FAFSA online.

It is also needed for parents of dependent students. Keep this worksheet in a safe place.

To begin, navigate to [fsaid.ed.gov](https://fsaid.ed.gov)

## Step 1: Email address

Enter an email address

\_\_\_\_\_

The email must be **unique to each individual**. You will not be able to use the same email for you and your parents. **Do not** use high school emails.

## Step 4: Profile

- Enter your social security number
- Enter your birthdate
- Enter your name exactly as it is on your social security card
- Enter mailing address & phone number

Social security matches are confirmed within 1- 3 days. Errors cause delays.

## Step 2: Username

Create a username

\_\_\_\_\_

Must be between 6-30 characters. Avoid using personal identifies like your name or birthdate.

## Step 5: Challenge questions and answers

There are five challenge questions and answers. The first two you select from a menu. The third and fourth questions you create yourself. The last is a significant date in your life (not birthdate).
