Respect. Compassion. Equity.

Out@ASU promotes a campus that is open, safe and supportive by providing educational opportunities and advocacy programs that empower students of all gender identities and sexual orientations, and their allies, to thrive in an inclusive and affirming academic and campus environment.

ASU supports the needs and success of lesbian, gay, bisexual, transgender and gender non-binary students through a variety of health, social, wellness, campus, community and academic resources.

All of the organizations listed on the back use different acronyms to describe their services, however all are inclusive and in support of the full spectrum of LGBTQIA+ identities. ASU organizations utilize the gender-identity inclusive terms “Rainbow”, “Spectrum” and “LGBTQIA+”.
