Current or newly forming ASU Online club? Please refer to the [ASU Online Student Organization Handbook](#)

Student organizations are encouraged to regularly review the [COVID-19 guidance](#). Groups are expected to follow all guidelines in support of the ASU community.

Student organizations exist to build upon and enrich the classroom experience. ASU believes involvement outside of the classroom is an important aspect of your education. There are a wide variety of organizations to meet your interests and needs. If an organization does not exist that fits your interests, any student can take the initiative to create a new student organization.

The university expects that all student organizations exemplify respect and inclusion. As you hold events and activities with your organization, remember that you are a reflection of ASU. Please review and pay close attention to the guidelines and policies in this handbook. Feel free to consult a [staff member at your campus location](#) for clarification, guidance, and advice at any time. We encourage and welcome feedback on this handbook and all programs and services offered.

The Student Organization/Club Handbook for Student Leaders and Advisors

The Student Organization/Club Handbook is an introduction to the many services and resources available to registered student organizations at Arizona State University, as well as policies that impact your organization. Please review the materials provided in this handbook and share this information with the members of your organization.

While this guide is intended to be a summary of certain matters of interest to student organizations, readers should be aware that:

- This document is not a complete statement of all procedures, rules, and regulations of

Arizona State University.

- The University reserves the right to change, without notice, any procedures, policies, and programs that appear in the Student Organization/Club Handbook.
- Compliance with policies related to student organizations may be reviewed at any time during the year by ASU staff.
- The various colleges, schools, and departments of the University may have additional procedures and policies that apply to student organizations.

If you have any questions, please contact or visit your student organization advisor at your location. It is the job of student organization advisors to ensure that your organization is informed about policies and procedures, and has an opportunity for personal growth and leadership development. Advisor training is held regularly to help advisors stay up-to-date on policies and procedures.

Best wishes on a successful academic year!

Student Organization Advisor

What is a student organization advisor?

Club Advisors are experienced faculty and staff members who formally mentor student leaders and connect students who share similar passions and interests through a club experience. Club Advisors serve as a bridge between the university and student organizations to create a cohesive and holistic experience both inside and outside of the classroom. Club Advisors play an active role in guiding students in their pursuit of leadership development, connecting students to resources, and positively impact the overall well-being of the students they serve.

Naming Your Student Organization

Arizona State University recognizes the importance of student organizations in campus life and encourages student groups to register to gain access to a variety of benefits and privileges. However, registered student organizations remain independent, voluntary organizations and are not sponsored by the University. Registered student organizations may not use “Arizona State University”, “ASU”, or “Arizona State” prior to their organization name as it may imply an official relationship with the University. Student organizations may use the geographical designation “at Arizona State University” or other variations at the end of their name. This should be consistent on social media accounts, logos and any marketing materials for the organization.

Organization Requirements

- The organization must be operated by currently enrolled campus-immersion students of ASU.
- A minimum of three currently enrolled campus-immersion ASU students is required to register a student organization.
- Membership in a registered student organization is limited to students enrolled for at least one semester hour of credit as a campus-immersion student at ASU. Faculty, staff, alumni, and others may participate in the activities and programs of student organizations.
- All officers of a student organization must be currently enrolled in one credit hour during the semester(s) in which they are officers.
- All officers must be in good academic and disciplinary standing. A student on academic or disciplinary probation may not hold office but may continue as a member.
- Membership and all privileges, including voting and officer positions, must be extended to all students without regard to age, ethnicity, gender, disability, color, national origin, race, religion, sexual orientation, or veteran status. Title IX of the Educational Amendments of 1972, Section 106.14, makes an exception for social fraternities and sororities, in regard to gender, for membership criteria. Religious student organizations will not be denied registration solely because they limit membership or leadership positions to students who share the same religious beliefs. These groups, however, may not discriminate in membership or leadership on any other prohibited basis (i.e., age, ethnicity, gender, disability, color, national origin, race, sexual orientation, or veteran status).
- Student groups may impose membership requirements in accordance to academic and class standing.

New Student Organization Registration

Eligible organizations are permitted to register during the academic year unless the University finds that the organization:

- Seeks to accomplish its objectives, goals, purposes, or activities through the use of violence or prejudice; or
- Engages in activities that materially or substantially interfere with the discipline and normal activities of the University or with the rights of others; or
- Engages in activities that present a danger to property, personnel, and/or orderly function of the university; or
- Refuses to comply with federal or state laws, including the Americans with Disabilities Act of 1990, Board of Regents’ policy, or University rules and regulations.

1. Understand the requirements for Student Organizations on your campus location

Depending on the campus that your organization is on, you will need to either attend an information session or meeting with staff at that location. You can find more information at asu.edu/clubs or by [contacting the student organization staff on your campus](#).

2. Create a Constitution for Your Organization

- Your constitution should include information on:
 - Purpose, vision and mission
 - Membership requirements
 - Election of Officers
 - Club meeting procedures
 - Officer titles and responsibilities
 - Removal/impeachment of officers
 - Non-Discrimination Statement

Membership and all privileges, including voting and officer positions, must be extended to all students without regard to age, ethnicity, gender, disability, color, national origin, race, religion, sexual orientation, or veteran status. Title IX of the Educational Amendments of 1972, Section 106.14, makes an exception for social fraternities and sororities, in regard to gender, for membership criteria. Religious student organizations will not be denied registration solely because they limit membership or leadership positions to students who share the same religious beliefs. These groups, however, may not discriminate in membership or leadership on any other prohibited basis (i.e., age, ethnicity, gender, disability, color, national origin, race, sexual orientation, or veteran status).

Student Organization Re-Registration

Re-registration of student organizations is an annual process and must be completed each academic year in the Spring Semester. Before re-registering, student organizations should be in good standing. Organizations should make sure they have:

- Complied with all University policies and procedures (including those outlined in this document).
- Have no unpaid debts or outstanding balances with university entities.
- Have no outstanding or unresolved ABOR Student Code of Conduct violations. Student Organizations may not have any outstanding conduct cases with the Office of Student Rights and Responsibilities. If a student organization is currently on a status with the

University or has an open case, the organization must be working toward resolution of the case.

The privileges conferred through registration may be withdrawn for cause which shall include willful or negligent violation of university, state or federal standards, codes or policies. Registration may also be withdrawn or discontinued for the following reasons:

- Individual member's past conduct;
- Organization's past conduct;
- Organization's stated objectives;
- Organization that exists solely to conduct business for a for-profit company or vendor. This includes but is not limited to: street teams, student brand representatives, boosters, etc.
- Failure to meet financial obligations to the university.
- Failure of an organization to carry out its programs consistent with the stated aims and purpose of the organization's constitution, bylaws and/or governing documents including statements made on SunDevilSync.
- At the written request of the organization.
- When by constitutional provision the organization is dissolved.
- When an organization does not hold meetings, activities or outings for a period of one academic year.

If registration is denied or revoked by student organization staff, the organization may appeal the decision unless the denial or revocation was initiated under the [Student Code of Conduct](#).

Arizona State University registration of an organization does not constitute university endorsement or approval of the organization's policies and activities. However, it does signify a willingness on the part of the organization to comply with state law and the rules, regulations, and policies of the university and the Arizona Board of Regents. Per the [Student Services Manual](#): Membership and all privileges, including voting and officer positions, must be extended to all students without regard to age, ethnicity, gender, disability, color, national origin, race, religion, sexual orientation, or veteran status. *Title IX of the Educational Amendments of 1972*, §106.14, makes an exception for social fraternities and sororities in regard to gender for membership criteria. Religious student organizations will not be denied registration solely because they limit membership or leadership positions to students who share the same religious beliefs. These groups, however, may not discriminate in membership or leadership on any other prohibited basis (i.e., age, ethnicity, gender, disability, color, national origin, race, sexual orientation, or veteran status).

Re-Registration Process on SunDevilSync

The re-registration process should be completed by incoming officers whenever possible. During the transition process for officers, new officers should be given the officer position on SunDevilSync which will allow them to complete the re-registration process. If an organization's elections take place in the fall semester, the re-registration can be submitted by the current officers and the officer positions can be updated once elections take place.

Officers will find the registration process available to them on the main page of their organization in the "Manage" view. When completing the registration make sure that you have the following information:

- Contact Information for 3 Members as Organization Officers
 - Name
 - ASU Email Address
 - ASURITE Username
 - Phone Number
- Contact Information for Primary Faculty/Staff Advisor

- Name
- ASU Email Address
- ASURITE username
- Phone Number
- University Position Title
- Updated Organization Constitution that has been reviewed by all officers

After receiving a completed SunDevilSync submission for the registered student organization, Student Organization staff will review all information. If you have specific questions regarding your submission, please email the respective [Student Organization contact at your campus location](#).

Upon review, the Student Organization staff may deny the request with comments about changes that need to be made. If your request is denied you should receive a notification from SunDevilSync. You can view your notification settings on the User page of SunDevilSync to ensure that your notifications are emailed to you. If your request is denied, you can edit your submission with the changes needed and resubmit. If you do not resubmit changes, your organization may be changed to frozen.

Freezing a Student Organization

Student Organizations staff may change an organization's status to "frozen" if the student club or organization does not meet the requirements. Student Organization staff will make an effort to reach out to the current officers of an organization before freezing an organization. A frozen organization is not searchable to SunDevilSync users in the "Explore" view and is not eligible to reserve rooms or other benefits of being a student organization. If an organization is frozen the officers of the organization will still be able to view the organization in the "Manage" view and complete the registration process. Once the registration is approved, the organization will be set to "active" again. If you have any questions or if your organization does not get set to "active," reach out to the [Student Organization office on your campus](#).

Inactivating a Student Organization

If an organization has remained frozen for one calendar year Student Organizations staff may inactivate this organization. This means that the listed officers will no longer be able to view or edit the organization.

Student Leadership Development

Consistent leadership is critical to the development and success of the organization. High performing organizations positively impact the campus community. To ensure a proper balance of leadership, each organization is required to maintain at least three officers within their leadership structure. It is suggested that organizations review their constitution and other governing documents regularly to ensure procedures regarding membership, elections, and appointments are up-to-date.

To support the development of student leaders and advisors, engagement staff offer several educational workshops and conferences during the academic year. Advisors and student leaders receive newsletters detailing upcoming learning opportunities; events are also posted on SunDevilSync.

Transitioning Leadership

Leadership transition typically takes place during the Spring semester for Student Organizations. However, student organizations may also transition at other times throughout the year. These are the steps that your organization should take to transition leadership.

1. Have new officers review the Student Organization/Club Handbook and the Organization

- Constitution
2. Update the organization's profile on SunDevilSync
 3. Share/transition access to electronic portals and documents
 4. Share/transition access to organization bank account
 5. Introduce incoming leaders to key contacts and partners
 6. Connect with your organization advisor
 7. If Student Organization re-registration is currently open, new officers should complete the re-registration process

Event Planning Resources

Special Event Registry

If you are hosting a large event you may need to register as a Special Event on campus.

Additional approval may be needed for the following reasons

- More than 100 guests are expected
- The event is open to the general public.
- The event will be outdoors, in a lab space, or an area that is not designed or intended for the function.
- Food and/or alcohol will be served.
- Media will be present.
- Event set-up includes tents, canopies, stages, platforms, inflatables, rides, fencing, etc.
- The event includes fire safety concerns
- The event programming includes controversial topics (media might cover it, protesters might attend, security may be needed)
- VIPs, elected officials, donors, anyone who travels with a security detail, or dignitaries will be invited to the event.

Special Events need to be registered 30 days prior to the event. There may be additional fees such as fire permits depending on the nature of the event. For more information visit the [Special Events Registry Site](#). Primary Club Advisors are required to be at any and all in person events hosted by

the student clubs they advise.

Bringing Speakers/Performers to Campus

If your organization is thinking of bringing in a guest speaker and/or artist, student leaders are encouraged not to sign legally binding documents. You and/or your organization will be personally liable for fulfilling the terms of agreements should you choose to sign the contract. If your organization is pursuing university funds to pay for goods or services that you have signed – all provisions, statuses and policies that pertain to ASU Use of Funds will apply. We encourage you to reach out to the [Student Organizations Office](#) on your campus while planning your event. .

Virtual Engagement

Students have access to Zoom and Slack that can be utilized for student organizations.

[Zoom](#) is a video conference tool available university-wide. Student Organizations can host meetings, events and webinars through zoom. Zoom features the ability to screen share, call in from a phone, and adjust security settings to meet your club members needs.

Zoom Enhanced Security Features:

Screen Sharing

To prevent inappropriate screen sharing during sessions, the Zoom default setting for screen sharing is now set to Host-Only. This means only Zoom session hosts can share their screen, or change this setting on their account to enable others to share.

If desired, in each Zoom session, grant screen sharing rights to all participants via the Shield icon or to select participants by right clicking on names on the Participant List and choosing “Make Co-Host.” For more information, refer to the screen sharing knowledge article.

Display Name

To prevent inappropriate display names and further secure Zoom sessions, the default setting for allowing users to change their names displayed in meetings will be permanently disabled.

Waiting Rooms

ASU is mitigating the chance of Zoom disruptors by automatically activating waiting rooms. Anyone logged in with their ASURITE can enter the session automatically. Those not logged in to Zoom with their ASURITE will only be admitted once the host(s) allows them to enter. Zoom session hosts can individually admit or with a single click admit all who are in the waiting room. ASU faculty, staff and students will have the ability to change this new default setting on their ASU Zoom account. For more information, refer to the waiting room knowledge article.

[Slack](#) is a messaging, content sharing and learning tool that can be used to keep club members connected. ASU has a Workspace on slack where students can create their own channels for groups and student organizations that do not have message limits. This allows members to message within a group and individually, share documents through integrated google apps and manage communication across different groups on campus.

Movies/Film for Club Events

Video tapes, DVDs, or downloaded video that is available for rental or purchase are for home viewing purposes only. This means they can only be viewed in your private living spaces (e.g., residence hall room, apartment, or private residence). Therefore, anytime a group shows a movie in any context, the group must purchase the public viewing rights (copyright) for that particular showing. Copyright purchases for a film typically costs between \$300 and \$1,000 per showing for popular titles from major movie distributors. If you are interested in purchasing the rights for a film please complete [this form](#).

Student Organization Funding

Student Organization Appropriations

Arizona State University campus-immersion students pay an activity fee that is re-distributed for events and activities. Undergraduate organizations can apply for general funding and event funding from the Undergraduate Student Government (USG) on their campus. The Graduate and Professional Student Association provides funding for student organizations events intended for ASU graduate students.

More specific information regarding this funding process is available online at the following sites:

- USG Downtown: <http://www.usgdowntown.com>
- USG Polytechnic: <https://eoss.asu.edu/studentgov/usg-polytechnic>
- USG Tempe: <https://www.asuusg.com/general-funding>
- USG West: <https://eoss.asu.edu/usgw/funding>
- GPSA: <http://gpsa.asu.edu/support/gso-funding>

Fundraising & Financial Management

Many student organizations choose to hold fundraisers to obtain additional money. Whether the proceeds will be given to a charity, used for a specific function, or deposited into an off-campus account, be aware that there are some specific guidelines organizations will need to follow when raising funds on campus.

Organizations must have ownership of all activities (i.e. a representative of the organization must be present the length of the activity, and a banner with the organization insignia should be prominently displayed). All relevant university rules and regulations, as well as federal, state and local laws must be followed. Failure to comply with these may result in Student Code of Conduct disciplinary action against the organization and/or specific individuals. Student Organizations may use mobile payment services (Venmo, Cash App, etc.) as long as it is clear that the fundraising is not on behalf of the University but on behalf of the student organization.

Fundraising Events with Alcohol

No student organization may sponsor or co-sponsor an event with alcohol or with an alcohol distributor or tavern (tavern defined as an establishment generating more than half of annual gross sales from alcohol) at which alcohol is given away, sold or otherwise provided to those present. This includes any event held in, at, or on the property of a tavern as defined above for the purpose of fundraising. However, an organization may rent or use a room or area in a tavern as defined above for a closed event held within the provisions of the Alcohol Policy.

Raffles

The Arizona Attorney General has determined that ASU and its departments and administrative units are NOT permitted to conduct raffles. Using an actual raffle ticket for a door prize is permitted, as long as attendees are not required to pay for the raffle ticket and everyone has an equal chance of receiving it. Any group planning a raffle should be familiar with the law related to this activity and should contact the Office of the Arizona Attorney General for additional information. ASU policies concerning gambling and hosting casino nights can be found [here](#).

Contracts

If your organization is thinking of hiring a vendor, bringing in a guest speaker and/or artist, or contracting with a venue, student leaders are encouraged not to sign legally binding documents. You and/or your organization will be personally liable for fulfilling the terms of agreements should you choose to sign the contract. If your organization is pursuing university funds to pay for goods or

services that you have signed – all provisions, statuses and policies that pertain to ASU Use of Funds will apply. If you have questions, reach out to the [Student Organizations office](#).

Misuse of University Assets

Misuse of university assets is a violation of policies of the Arizona Board of Regents (ABOR), the Academic Affairs Policies and Procedures Manual (ACD), the Staff Personnel Policies and Procedures Manual (SPP), the Student Code of Conduct, and other policies of the university (collectively “board and university policies”). Therefore, this policy is in addition to, but does not substitute for other laws and policies governing employees and students at the university, whether currently in effect or whether established after the adoption of this policy. Employees and students are required to be familiar with all policies governing the appropriate use of university assets.

Disciplinary action against employees or students for misuse of university assets will be pursued under one or more of those [policies](#), using the procedure applicable to that category of employees or students in connection with those policies.

Sales and Solicitation Regulations

Student Organizations are permitted to sell items on campus for organization fundraising. Food is rarely allowed to be sold on campus due to existing university food contracts, along with health and safety regulations. Be sure to consult with your [Student Organization office](#) in advance to ensure that the activity is within the university policies. This process does require advanced planning.

Have procedures in place for:

- Inventory control – controlling access to inventory, issuing items to be sold, verifying quantities of unsold items returned, physical inventory counts, ordering merchandise, and receiving purchases
- Revenue control – safeguarding assets under your control, receiving sales proceeds, reconciling cash and sales, and depositing sales proceeds
- Accounting – verifying deposit of proceeds, verifying the accuracy of inventory receiving, preparing vouchers, reviewing physical inventory results, preparing financial reports, and reconciling change in inventory
- Authorization – approving invoice payment and reconciliations and reviewing asset variances

Student organizations wishing to conduct sales of food or beverages on university property must receive approval prior to the sale, and are responsible for meeting all health and safety regulations.

Starting a Non-profit Organization

[ASU's Lodestar Center](#) exists to advance nonprofit leadership practice so that organizations can better achieve their mission. They can assist with questions about starting, governing, managing, or operating a nonprofit organization.

If you would like to register your organization as non-profit, you must apply with the [IRS](#).

Bank Accounts

Monies obtained from dues, fundraisers, sponsorships or donations should be deposited in an off-campus bank account. An off-campus bank account is not held to the policies of the University, the University does not take any responsibility in the management of your off-campus account. It is the responsibility of each student organization to track expenses and keep records of the account number, balance, or the approved officer signers. Any money received from the Undergraduate Student Government or the Graduate and Professional Student Association, or a University department may not be deposited into an off-campus account.

The organization operates in the name of the entity and not in the name of the individuals who are part of the organization. Student organizations are strongly discouraged from depositing student organization money into an individual member's personal account. Business records should be maintained in the organization's name, not in the name of an officer. Keep in mind that financial institutions will require that checks made payable to the organization be deposited into an account established for the organization.

Designate two or more members to be authorized to withdraw funds from your account. Ideally, checks and withdrawals should require two officers' signatures to be valid. This reduces the risk of any unauthorized expenditures.

Financial institutions will require that authorized signers are kept current. If the signers have left their position or the university, your organization will experience a delay in withdrawing funds. Changes to the organization's account must be in writing to the financial institution from the current authorized signers. Contact your financial institution to find out how they process a change of signers. Most require that at least one of the current signers authorize the change. Advisors are welcome to be listed as an authorized signer, if they so choose.

If appropriate, student organizations are responsible for filing. Often times, student organizations do not earn enough income to require filing federal income tax. Please refer to the [IRS website](#) for more information.

Most banks allow organizations to set up accounts under the organization's name. Typically, your organization must provide:

1. Proof that the organization is an official registered student organization. You can verify if your organization is registered by completing a search for your club on SunDevilSync.
2. Two or more co-signers with photo ID, one of whom could be the club advisor (for transition purposes);
3. A copy of your club's official constitution and meeting minutes with signatory identified
4. An Employer Identification Number (EIN) on file with the Internal Revenue Services.

Tax Identification Numbers (TIN) or Employee Identification Numbers (EIN)

The United States Treasury Department and the Internal Revenue Service require an organization to disclose its TIN/EIN when opening any type of deposit account. To obtain an off-campus bank account, you will need this number. Registered student organizations at ASU cannot use the University's TIN/EIN. For more information, visit the [IRS website](#).

In applying for a TIN/EIN, the organization officer who is listed as the executor of the number will be required to provide his/her social security number. When transitioning between officers, it is recommended that the executor of the TIN/EIN be switched as well. This will protect the outgoing officer and ensure that his/her name is not associated with the account after he/she leaves office.

Copies and Mail

Student organizations may be offered a limited number of copies per semester as a registered student group. Number of copies varies depending on campus location and whether the copy is black and white, or color.

- **Downtown Phoenix Campus:** Copies can be made at the student organization office front desk (POST L1-15). Mail and small packages should be delivered to your student organization advisor on campus.
- **Polytechnic Campus:** Copies are NOT available with the student organization office. Mail and small packages should be delivered to your student organization advisor on campus.
- **Tempe Campus:** Copies are NOT available with the student organization office. Mail and small packages should be delivered to your student organization advisor on campus. If mail

- **West Campus:** Mail and small packages should be delivered to your student organization advisor on campus. All materials purchased through the use of USG funding should be mailed to the Office of Student Engagement. Marketing requests larger than 8.5 by 11 may be obtained in limited quantities in sizes up to 24 by 26 inches at the Office of Student Engagement.

Marketing your Organization

Logos

Other logos such as the ASU sunburst logo and the Athletics pitchfork logo are not to be used by student organizations in any logos or marketing materials.

YES:

1. Sparky 
2. Sparky's pitchfork 
3. Hand Sign 
4. Club name "at" ASU, Arizona State, Arizona State University (location vs affiliation)

NO:

1. Athletics pitchfork

3. Sunburst ASU logo 
4. A/S Logo 
5. ASU, ARIZONA STATE or ARIZONA STATE UNIVERSITY in front of club name

Social Media

Social media is a great way to market your organization and keep up to date with your members.

Make sure that you are using the proper name of your organization on your social media accounts. Registered student organizations may not use “Arizona State University”, “ASU”, or “Arizona State” prior to their organization name as it may imply an official relationship with the University. Student organizations may use the geographical designation “at Arizona State University” or other variations at the end of their name. This should be consistent on social media accounts, logos and any marketing materials for the organization.

Printed Marketing Materials

If your organization does use the name “Arizona State University” at the end of the name or uses the Sparky image in any printed marketing materials (t-shirts, giveaway items, banners, etc.) you will need to use a licensed vendor. If you are ordering materials with funding from USG or GPSA please contact their offices for lists of preferred vendors.

If you have questions about trademark and licensing or finding vendors you can reach out to your [student organizations office](#) or Monica Middendorf monica.middendorf@asu.edu from Trademark and Licensing at ASU.

University Policies

Hazing Policy

Hazing is prohibited. Any solicitation to engage in hazing is prohibited. Aiding and abetting another person who is engaged in hazing is prohibited. All students, faculty, and staff must take reasonable measures within the scope of their individual authority to prevent violations of this policy. It is not a defense to a violation of this policy that the hazing victim consented to or acquiesced in the hazing activity.

Violations of this policy or interference in an investigation under this policy by students or student organizations are subject to sanctions under the Student Code of Conduct. Any university employee who knowingly permitted, authorized, or condoned hazing activity is subject to disciplinary action by the university.

“Hazing” means any intentional, knowing, or reckless act committed by a student, whether individually or in concert with other persons, against another student, and in which both of the following apply:

- The act was committed in connection with an initiation into, an affiliation with, or the maintenance of membership in any student organization that is affiliated with the university and;
- The act contributes to a substantial risk of potential physical injury, mental harm, or degradation, or causes physical injury, mental harm, or personal degradation.

“Organization” means any athletic team, association, order, society, corps, cooperative, club, student organization, fraternity, sorority, or other similar group that is affiliated with the university and whose membership consists primarily of students enrolled at the university. “Organization” includes a local chapter, unit, or other local division consisting primarily of students, regardless of the nature of the membership of the larger public or private organization.

“Student” means any person who is enrolled at the university, any person who has been promoted or accepted for enrollment at the university, or any person who intends to enroll at or be promoted to the university within the next 12 calendar months. A person who meets the definition of a student shall continue to be defined as a student, for the purposes of this policy, until the person graduates, transfers, is promoted, or withdraws from the university.

Alcohol Policy

The following procedures are required for student organizations in regards to hosting events with alcohol:

- Student organizations must be in compliance with all federal, state, county, city and university regulations (including STA 106–03: Alcohol and Other Drugs on Campus; ABOR 5-108: Sale and Consumption of Alcoholic Beverages on Campus; DPS 202–03: Sales and Service of Alcoholic Beverages on Campus; STA 104-01: Student Code of Conduct and Student Disciplinary Procedures) as well as any national organization alcohol/risk management policies that apply.
- A third-party vendor must be hired to provide, serve and distribute alcohol at all events/activities.
- Events with alcohol may only be hosted during the academic year. No events shall take place during Winter Break, Spring Break or Summer Session.
- No organization should benefit financially from the sale of alcohol at any event.
- No organization should purchase alcohol with organization funds, nor may a member or members, on behalf of the organization, coordinate the purchase of alcoholic beverages.
- No “open” activities/events (those with unrestricted access) including alcohol should be held.
- The guest to member ratio at any event should not exceed 3:1.
- The hosting organization will provide one member per every ten persons in attendance at any event who will abstain from consuming alcohol.
- Each activity/event involving alcohol must be planned and approved by the Organization President and Primary Advisor 14 days prior to the scheduled event. A sufficient event planning checklist (created by organization) should be completed.
- The guest list should be finalized 24 hours prior to the event. The activity/event guest list should be typed and available throughout the event. The guest list will then be filed properly.
- Security should be finalized at least 14 days before the event depending on the size or nature of the event. The hosting organization should consider employing at least one officer from an accredited law enforcement agency as event security. Security guards from licensed, bonded security companies will be acceptable for the remaining security personnel.
- All guests should have a student ID, driver’s license, or other form of government issued identification. No person under the age of 18 should be permitted into the event without an Arizona State University-issued ID. A Student ID shall not be used in lieu of a government issued ID to establish an individual’s age or date of birth.
- Unauthorized use, sale, possession, or distribution of any controlled substance or illegal drug, or possession of drug paraphernalia that would violate the law is prohibited at all events.
- The host organization shall make available adequate amounts of non-alcoholic beverages and food throughout the duration of the activity/function.
- There are to be no drinking games played at an event at any time.
- Should any individual need medical attention, call 911 promptly. If in the course of an event/activity should an incident requiring medical attention or police involvement occur, the event should be terminated and your advisor should be notified.
- Alternate transportation information shall be easily accessible to all activity/event attendees.
- No student organization may co-sponsor an event with an alcohol distributor or tavern (tavern defined as an establishment generating more than half of annual gross sales from alcohol) at which alcohol is given away, sold or otherwise provided to those present. This

includes any event held in, at or on the property of a tavern as defined above for purposes of fundraising. However, an organization may rent or use a room or area in a tavern as defined above for a closed event held within the provisions of this policy, including the use of a third party vendor and guest list.

Grievance Policy

A disciplinary investigation may be initiated by submitting a written referral to the Dean of Students. The Dean also may initiate an investigation based on media reports or other reliable information. The office will accept any complaint that is provided in writing, such as email, fax, mailed letter, etc.

Below are steps to file a formal complaint against a student organization:

- The concerned party should file a complaint with the student organization staff and document the situation.
- The student organization staff will contact the organization's advisor and ask for a recommendation on the situation.
- If necessary, the student organization will be referred to the Student Rights and Responsibilities Office for code of conduct issues.
- A [Campus Community Incident Report](#) may be submitted to the Office of Complaint against an advisor: Below are steps to file a formal complaint against an advisor of a student organization:

Student Rights and Responsibilities & Code of Conduct

Arizona State University Student Rights & Responsibilities Office information can be found on the [Dean of Students website](#).

The Student Code of Conduct sets forth the standards of conduct expected of students who choose to join the university community. Students who violate these standards will be subject to disciplinary sanctions in order to promote their own personal development, to protect the university community, and to maintain order and stability on campus. Make sure you are familiar with the [ABOR Student Code of Conduct](#).

Freedom of Expression

ASU recognizes and supports the rights of students to engage in lawful free speech activity including: peaceful demonstrations and circulation of petitions that do not disrupt the normal educational and administrative function of the University, or interfere with the legitimate rights of others. Additional information about the University's commitment to free speech is available on the [Committee for Campus Inclusion website](#).

Please see our website for [Best Practices for Student Organization Demonstrations](#).

Insurance Policy

In most cases, ASU does not provide insurance for student organizations. Registered student organizations are responsible and liable for the actions and behaviors of their members and officers. Any damages to persons or property would need to be covered by the personal insurance of the participants.

If the organization contracts to receive services from a third party, the organization should confirm that the third party has sufficient insurance by contacting ASU Insurance Services at 480-965-7700 for guidance.

Clery Act

ASU student organizations are required by law to report any organization travel under the Jeanne Clery Act, and records showing use must be retained. The Primary Advisor will receive a request

from the Clery Compliance Coordinator to provide building use information for the applicable calendar year. Federal law requires the organization to report any building controlled and used for the institution's educational purposes.

- **Travel:** If the organization stays at a location for more than one night or on more than one occasion during the academic year (i.e. hotel, retreat center, etc.)
- **Events and Activities:** If the organization holds an official event taking place off campus (i.e. banquet hall, event facilities, etc.)
- **Off-Campus Housing:** If the organization stays at a location for more than one night or on more than one occasion during the academic year (i.e. condos, apartments, etc.)
- **Off-Campus Office Space:** If the organization uses or occupies a space for more than one day or on more than one occasion in a calendar year (i.e. organization headquarters)

Educational Purposes is defined as anything that supports the education provided by Arizona State University and is not limited strictly to the academic purposes of the institution. This may include, but is not limited to, an organization's recreational events or living quarters set aside for organizational members only.

Controlled by means your organization directly or indirectly rented, leased, reserved, purchased, or had some other type of written agreement (including an informal one, such as a letter or an e-mail) for the use of a building or property, or a portion of a building or property. Even if there is no payment involved in the transaction, for Clery Act purposes, a written agreement for the use of space gives your organization space for the time period specified in the agreement. This includes, for example, housing such as condos or apartment units, but would also include meeting space, apartment club rooms, hotel rooms when traveling, etc. The key is that a written agreement was in place allowing your student organization to use the space. (Locations on any of the ASU campuses are omitted because they are already captured in the Clery report.)

The records should include, at a minimum, the following information:

- Name of the location
- Address of the location (individual room numbers not needed)
- Dates of building use (ownership or control)

Advertising and Posting Policy

- All advertising must be factual, and should not mislead or misrepresent the real nature of the event, activity, service, or commodity advertised.
- Advertisements posted on University property by registered campus organizations or an off-campus company or group may not imply sponsorship or endorsement by the University.
- All advertisements must bear the names of the sponsoring organizations.
- Advertisements must be removed in a timely manner.

Where to Advertise

- Kiosks around campus may be posted on without prior approval.
- Bulletin boards and message boards inside buildings should be approved by the department that manages the boards.
- Chalking may be allowed by certain buildings with permission from the appropriate staff.

Decisions regarding the permissibility of posting or distribution will not be made on the basis of content, with the exception that of materials that contain illegal content or that violate university or Board of Regents' policies. Examples of impermissible content include materials that are obscene, that convey an imminent threat of physical harm to specific individuals, or that disclose confidential information without appropriate authorization. More information on this policy can be found [here](#).

Student Organization Travel

Student organizations travel for many purposes including retreats, conferences, competitions, and social events. ASU recognizes that travel is integral to students' collegiate experience and can be extremely beneficial to advancing the mission of the organization. However, it is important to remember that travel can be a high-risk activity that requires adequate proactive planning and preparation. Proper planning can mitigate many of the risks often associated with travel.

Chartering a Bus

Whenever possible, student organizations should use chartered bus/van service for transportation. ASU has contracts for group transportation with several different companies found [here](#).

Use of Personal Vehicle

Students are discouraged from using personal vehicles for organization-related travel. When a personal vehicle must be used for organization travel, the driver assumes all liability associated with the trip. Drivers and all passengers should follow the following guidelines when using personal vehicles:

- Drivers and passengers are expected to follow University policy and federal, state, and local laws and posted signs.
- Drivers must have a valid operator's license.
- Drivers must possess adequate auto insurance as required by law.
- Drivers must possess current vehicle registration.
- Drivers and all passengers shall have access to and use seatbelts and/or other approved safety restraint devices.
- Drivers and all passengers shall not possess, consume or transport alcohol and/or illegal substances.
- Drivers should take considerable care to allow for adequate rest periods and drive times.
- Drivers should take care to assess the safety of the vehicle they are driving.
- Drivers and passengers should have proper communication and emergency plans in place.

Due to safety concerns, organizations should note the use of large passenger vans defined as 12 and 15 passengers vans is prohibited at Arizona State University. Student organizations, faculty and staff are not permitted to purchase, lease, rent or transport passengers in 12 and 15 passenger vans.

Guidelines for Student Organization Travel Outside the United States

ASU does not encourage student organizations to travel outside of the United States unless it is deemed necessary for an educational or service-related purpose.

Student organizations that wish to travel outside of the United States should consult with staff from the Student Organization Staff.

Student International Travel

Arizona State University now provides a secure system for students traveling outside the United States and its territories to record ASU-related international travel plans. This service, provided by the Study Abroad Office, supports emergency communications and gives registered travelers access to valuable international health, safety and security resources.

Who is required to register travel?

Per the [ASU Student International Travel Registration policy](#), all ASU students (and faculty/staff members accompanying ASU students) participate in ASU related travel outside of the United States and its territories. ASU related international travel includes, but is not limited to the following activities:

- Research, [experiential learning](#) (e.g., international internships, co-ops, volunteering, service-learning)
- Independent study done abroad or any other international travel that is part of an ASU class or for which the student receives ASU resident credit
- International travel sponsored by or affiliated with ASU or an ASU student organization (this applies to both affiliated and independent student organizations registered with [EOSS](#))
- Any other international travel by students for the purposes of officially representing ASU,

such as participation in an academic or professional conference

What are the benefits of registering?

- Travel intelligence. Access mobile-ready international travel intelligence and expert risk analysis and advice - before and during your international travel.
- Emergency communications. Access 24/7 ASU emergency response services and enable ASU to reach you in the event of an emergency.
- International health insurance. Get covered by ASU's [international health insurance](#), which includes emergency evacuation in the event of political instability or natural disaster.

Risk Management

If you have concerns about the risk involved during a planned event or activity, please consult with the student engagement office at your campus so that they may provide assistance to you or the student organization.

While there is little ability to remove all risk from student organization events and activities, there are several ways in which an advisor or engagement staff can mitigate potential risks. Some suggestions are:

- Identify risks that relate to the event or activity
- Clarify the needs and expectations of intended outcome of the program
- Ensure student organization leaders have submitted all necessary forms and have notified proper administrators of the event or activity
- Prepare for all scenarios that could cause potential risk or harm to property and event attendees
- Encourage organization leaders to consider all risks in regard to the signing of contracts, and ensure they are clear about their liability and responsibility for all aspects of signed contracts
- Provide clear communication with all students involved in planning the event or activity.

Medical Emergency Procedures

1. If the emergency takes place **on-campus**, call 911 to be connected to the ASU Police Department
2. If the emergency takes place **off-campus**, call 911 to be connected to the local police department.
3. Send one person to call for help and be sure to keep at least one person with the injured person.
4. When speaking with a dispatcher, security or police officer, you should:
 - a. Provide the exact location, building, and room number where the injured person is located.
 - b. Remain on the phone with the dispatcher until help arrives
 - c. Know the phone number you are calling from

If anyone is transported to a hospital or medical facility for treatment, please notify the ASU Dean of Students Office and an engagement staff member at your campus.
